If you have special needs, call 952-993-3454.

A confirmation letter and map will be sent upon receipt of registration and payment. Space is limited and classes often fill quickly. Register eight to ten weeks prior to your first class to ensure your choices of dates and times.

You may bring one support person with you to class at no extra charge. A support person can be your spouse, partner, family member or friend.

Medica, Medical Assistance and UCare health plans cover the cost of some of these classes. Call to find out which classes are covered by your plan.
