

Frauenshuh Cancer Center

COMMUNITY IMPACT

At FRAUENSHUH CANCER CENTER, we are focused on continually improving our patient and family experience. Our goal is to heal bodies, minds and spirits through state-of-the-art medical treatment and integrative therapies.

HIGHLIGHTS

Frauenshuh Cancer Center is the third-largest cancer center in Minnesota by number of newly diagnosed patients, according to *Minneapolis St. Paul Business Journal*.

National experts in the field of cancer care have recognized us as an outstanding cancer program.

- We achieved certification and a **score of 99.39** from American Society of Clinical Oncology Quality Oncology Practice Initiative (QOPI). Frauenshuh Cancer Center is the only cancer program in Minnesota to receive QOPI certification
- We received "accreditation with commendation" from American College of Surgeons Commission on Cancer as a Teaching Hospital Cancer Program.

Our Patient Advisory Board continues to help us deliver the **highest quality patient-centered care**. The board provides input on patient support materials, our continuum of care and other important decisions. Members include cancer survivors, families, community members, donors and Frauenshuh Cancer Center leaders.

DONORS MAKE IT HAPPEN

Gifts from our donors help us provide transformational care. Contributions support:

- Research to improve cancer care
- Cancer education, to help patients and families understand and manage physical and emotional obstacles
- Sandra's Garden of Hope, a natural setting to refresh and renew
- Support groups to share life-changing experiences
- Integrative therapies, such as massage to relieve muscle cramps, and music to calm the mind
- Continuing education to keep clinicians current on the latest medical advances

CANCER RATES ARE FALLING

In 2009, Americans had a lower risk of death from cancer than they did in 1991, according to American Cancer Society.

20%
