# Instructions to complete the Patient Authorization for Release of Protected Health Information

 Patient Information: Complete the entire section. Print legibly and include all demographic information.

#### 2. Who has the information you want released?

- If requesting records to be sent from a HealthPartners facility, see address list on bottom of page.
- · If other healthcare organization, include as much demographic information as possible.
- · You will send this authorization to the facility listed in this section.
- · For a description of HealthPartners Family of Care, please see Notice of Privacy Practices.

# 3. Where do you want the information sent?

- · Print where you want your health information sent (e.g., individual, business, other healthcare facility).
- · Include as much demographic information as possible.
- You do not need to use an authorization to send records from one HealthPartners facility to another HealthPartners facility.
- 4. Information to be sent: In this section you will tell us what information you need. We have identified 3 categories: clinic visit/hospital care, individual documents and special permissions. You do not need to complete all 3 categories; use only those that apply to your specific need. In the first 2 categories, there are 2 lines provided for you to further define the information you need. One line gives you an opportunity to tell us if you need information related to a specific diagnosis, therapy or event. The other line gives you an opportunity to tell us the specific dates of service that you need. Telling us the specific date or date range helps us gather only the information that is needed.
  - I want my records related to... Complete this section if you want a summary of your office visit or hospital visit (e.g., Hip Surgery, or dates from 1/1/16 2/15/16). By selecting Clinic Visit and/or Hospital Care, we will disclose the documents listed in the parentheses for the specific patient care visits during the time frame you indicated. This information is typically what doctors' offices, hospitals, or other healthcare providers need in order to provide care to you.
  - I only want individual documents... Complete this section if you only need or want a specific result, a range of results or a specific report document (e.g., I only want my lab and x-ray results from 1/15/16, I only want a copy of my operative report from 1/30/16, I only want physical therapy notes).
- 5. Special Permissions: If applicable, in this section you must specifically identify records needed by checking the appropriate box.
- 6. Purpose for Release: Indicate reason for releasing the health information. Checking this box will assist us in tracking, assigning priority and who may be responsible for the cost of records (as appropriate).
- 7. Release method: This tells us how you would like your information delivered.
  - · If you have upcoming appointment enter appointment date. Entering a date ensures that your records will be available at your appointment.
  - If you are picking up records check box: I will pick up. Enter the day on which you will pick up records.
  - Written permission is required if someone other than patient is picking up medical records, along with photo ID (e.g., driver license).
  - If an email option is chosen, you may receive an email from the organization's copy service vendor. It will include your user information
    to access the requested records.

## 8. Authorization and Revocation

- · Sign and date authorization.
  - When picking up records in person, bring photo identification. You will be asked for this.
  - If you are legally authorized representative, indicate your relationship to the patient on form in space provided. You may be asked
    to provide documents showing that you are the patient's legally authorized representative.
- · Authorization is valid for one year unless other specified.
- Services provided after the date of signature may be released according to the authorization up until authorization expires.
- There may be a charge for records.
- To revoke the authorization, submit a written request and mail to appropriate location (see address list below).
- For questions, please call the HealthPartners Family of Care Release of Information department below.
