Talking to your health insurance company?

HERE'S YOUR CHEAT SHEET:

- Is [doctor/midwife I'm interested in seeing] in my network? If not, can you help me figure out who is?
- Which genetic tests are covered?
- Are [any special tests/procedures I know I'll need] covered? If not, what will the cost be?
- Are breast pumps covered? If so, what are my options and how do I get one?
