

**Electronic Attachments – another claim attachment option for your convenience!**

HealthPartners has an agreement with National Electronic Attachment, Inc. (NEA) to receive electronic transmitted attachments such as x-rays, EOBs, perio charting, etc. to support your electronic claims. Their *FastAttach* system will expedite the transmission and review of important documentation, which will help improve the entire claims processing system. For a low monthly flat fee, you will get unlimited attachment transmissions to HealthPartners and over 500 other payors (no per attachment fee).

To learn more about NEA's dental services, go to [www.nea-fast.com](http://www.nea-fast.com). From there, you can browse the NEA website for additional information. If you prefer to talk to a NEA representative, call 800-782-5150 option 2.

If you are already an NEA participant, you can submit electronic attachments to HealthPartners by using the Payor ID HLTHP.
